USC Employer Reimbursement Deferment Program

Eligibility Requirements
If you are registered for classes for the upcoming term, you may be eligible to defer payment of up to 90% of your tuition if:

- Your employer reimburses you for tuition at the end of each term.
- Your student account is current.

Note: Loans or any other assistance received will reduce the amount you are eligible to defer.

How to Apply – Online
- Complete and submit the deferment application:
  https://sfs.usc.edu/employer-reimbursement-form/
- Student Financial Services will email you a promissory note packet with instructions.
- Sign and submit the promissory note packet to uscsfs@usc.edu or in person at Jefferson Parking Structure 100.
- The student must pay 10% of tuition, 100% of all fees, and a $100 application fee, prior to the settlement deadline each term (https://sfs.usc.edu/deadlines/). A new deferment application and company letter are required each term.

Settlement Deadline
For tuition and fees to appear on your bill before the settlement deadline, you must register by:
Spring 2020 term - December 6, 2019

To avoid late fees, you must register and have your tuition and fees paid or deferred, or enroll in a payment plan, by 5 p.m. Pacific time on the following date:

- Spring 2020 term - January 10, 2020

Payment of Balance
Payment is due upon expiration of deferment. If not paid, your account will become past due. Deferments expire January 25 for Fall; April 25 for Spring, and September 25 for Summer. The student is responsible for paying the deferred tuition.

USC Student Health Insurance Waiver Information

It is a USC requirement that all online degree program students have a comprehensive health insurance plan. You will be automatically enrolled in the USC Student Health Insurance Plan if you are taking 6 units or more per semester.

Can I waive the USC Student Health Insurance Plan fee if I already have health insurance?

In order to waive the USC Student Health Insurance Plan, you must be enrolled in a comprehensive health insurance plan that meets the following requirements:

- Online distance learners must have comprehensive coverage with no major exclusions and have in network providers in the zip code where they live and take classes.
- Provide continuous year-round coverage while you are a student at the University of Southern California.
- Your insurance plan must meet Affordable Care Act (ACA) criteria. Only plans in compliance with ACA criteria will be accepted. (No major exclusions such as maternity or mental health coverage allowed).
- Cover preventive care services at 100%.
- Must have no pre-existing condition exclusion; if the plan has a pre-existing condition waiting period, that period has expired.
- Must have no per-injury or per-illness maximum benefit limits.
- Must cover medical services for injury from participation in all types of recreational activities or amateur sports.
- Have an annual combined deductible and out-of-pocket expense of $7,900 or less.

How do I request a waiver?

**Step 1: Register for classes.**
You must be actively registered for classes for the upcoming/beginning semester before starting the online enrollment/request for waiver process. If you are not registered for classes, you will not be able to request a waiver using the online system.

**Step 2: Wait 5 to 7 business days after registering for classes.**

**Step 3: Read over Waiver Criteria above to make sure this is the right option for you.**

**Step 4: Complete your online request for a waiver**
All requests for a waiver must be completed online by the registered student. Make sure you have all of the required information before beginning – data cannot be saved from session to session.

- Have a copy of your health insurance ID card and details about your current health insurance plan available for your reference, prior to beginning the waiver request.
- Go to the Aetna Student Health online waiver request system.
- Complete the waiver request before the deadline (up until the third week of classes in January)

How often do I need to request a waiver?

New students admitted for spring admission may submit up until the third week of classes in January. You may request a waiver for spring beginning in early December. Waivers submitted in the spring are only good for the spring/summer term. Don’t forget to submit a new waiver request in the fall by the end of the third week of classes each year.

The Engemann Student Health Center may contact you at any time to request adequate proof of coverage. If your other health insurance coverage ends involuntarily—even in the middle of the semester—you may be eligible to purchase coverage through the USC Student Health Insurance Plan. Contact the Health Insurance department within 30 days of losing your coverage to find out if you are eligible to enroll.

For any questions or assistance, please contact:
USC Engemann Student Health Center at 213-740-(WELL)9355.

USC Tuition Refund Insurance Information

What is Tuition Refund Insurance?
Tuition Refund Insurance is an optional insurance that students may purchase for a small fee during the fall, spring and summer terms. The insurance covers 100% of the tuition and mandatory fees (excluding the student health insurance fee) for the semester if a student withdraws from all classes due to injury or sickness. For withdrawals from all classes due to a psychological or emotional condition (as defined in the DSM-IV manual), the coverage is 80%. The plan covers payments made directly by the student, loans, grants or scholarships. USC grants and scholarships are credited back to the university.

How do I enroll or Opt out of Tuition Refund Insurance while Registering for Classes?
The Web Registration system automatically enrolls students in Tuition Refund Insurance.

The student may decline Tuition Refund Insurance up until the 20% deadline of the session (week three for general semester sessions) by clicking on the Tuition Refund Insurance tab in Web Registration which can be accessed by logging into myUSC (my.usc.edu) or at www.usc.edu/webregistration.

How do I enroll or Opt out of Tuition Refund Insurance after Registering for Classes?
Students may opt to purchase or decline Tuition Refund Insurance up until the 20% deadline of session 001, or the end of week three of the fall and spring semester. The deadline to purchase or decline Tuition Refund Insurance in the summer will be the 80% deadline of Session 050. For the exact date, please visit the Schedule of Classes at classes.usc.edu and click on the term, then click on Registration Calendar. Students who wish to change their Tuition Refund Insurance setting may do so on Web Registration which can be accessed by logging into myUSC or at www.usc.edu/webregistration by clicking the Tuition Refund Insurance tab and following the system prompts.

How long is the Coverage Period?
Tuition refund insurance provides coverage for one semester. (For instance, insurance purchased for the fall semester covers courses taken only in the fall.) The insurance becomes effective at the start of the semester and extends until the end of the final exams period.

How do I File a Claim?
If you decide to enroll in Tuition Refund Insurance and need to file a claim, please go to https://arr.usc.edu/services/registration/tuitionrefund.html for step-by-step details on how to submit a claim.
